

Hello, Campers!

OFFICIAL NEWSLETTER OF OLIVE BRANCH CAMPGROUND

Even though the season officially ended October 31st for Overnight and Seasonal campers, Olive Branch Campground is still busy with off-season projects, event planning for 2024, and events for our Monthly and Seasonal guests! On December 2nd, we had our 1st Annual Christmas Party & Potluck, with nearly 50 guests in attendance feasting on great food, playing reindeer games, decorating cookies, making crafts, and sitting with Mr. & Mrs. Claus, aka Seasonal guests Ron "Piwi" and Spring Champeau. During the party and throughout the month, we collected toys and clothing for Lebanon's Christmas for Tots and dog toys and supplies for 4 Paws for Ability, both local nonprofits doing wonderful work in the world.

With 2023 behind us, our first year as an Osprey Management property in the books, and the honor of being selected as Osprey Management's 2023 Most Improved MHC/Campground still fresh, we at OBC have a great deal to look forward to this year! The 2024 season doesn't begin until April 1st but there is much work to do improving sites, remodeling the Game Room and Recreation Building, beautifying the grounds, and planning fun-filled weekend events for the more than tens of thousands of guests we're expecting this year.

Seasonal/Monthly Guests: A Few Reminders

- Please remember to take down seasonal decorations in a timely manner.
- **After Hours Phone:** Please reserve using this number for emergencies, only, after 5pm. We will respond within 24-48 hours if not an emergency during the off-season. Please remember the phone is text only.
- **Propane:** This is the last winter season we will be allowing guests to use their own 100# propane tanks. We provide 2 tanks for our monthly guests in the colder months free of charge. For safety, we will only be filling OBC tanks. We will still continue to fill smaller tanks for guests.
- Please remember to put a tag (available in the office) on your propane tanks and drop them off on the right side of the dispenser. They will be on the left side of the station once they are filled and ready for pick-up.
- Please allow 24-72 hours to fill propane in the winter. We do not fill on Saturday or Sunday. You must lay down your 100# tanks to let us know they are ready to be filled. If you need propane immediately, please text the After Hours phone and we can make arrangements.
- **Seasonal Monthly Spots:** We still have a few seasonal monthly spots available for the 2024 season. If you are interested in a few months or all season, please call 513-951-3245 for more information.
